The point upon which the Pinintiffs laid must stress being the fact that there could be no dopbt of the Defendant baying made himself respunsible, and in

fact guaranteed the Plaintiff by drawing the Bill ; while on the other hand strees was laid up on the faut that from May 1865, the date at which Dadabboy & Co. had failed, to the present sime, the Plaintiff had not come forward to olaim against

to in which a Bambay ship serived at Liverpool or fig a price, but when he does so many acts as and her cargo was sold before the bill was many the defendant has done, each one succeptible of tured, and this seemed to be relied up to as rather being taken as an act of proprietorship, when he not find their business incretive, they had only paying the seller, he appears to have invested powers. Even if the shortening of usance were distorial nature. As to this point, I think the ar plicable to Bombay, it was not applicable to manner of payment is very significant; the alleged China, insequely as the passage to England from Oroker does not merely transmit chaques or orders
